Description of the action practices

Dentons' professional experience program CollaborNATION, launched in December 2018, has already received a great amount of interest from our colleagues in Europe with many applicants interested to experiencing the working culture abroad while sharing and developing stronger relationships with colleagues from different Dentons offices

Context practices

The program gives Europe associates and counsels, who have at least one-year job tenure at Dentons, the opportunity to gain work experience at other offices in Europe and UK&ME Regions.

Approach practices

Working in a global law firm like Dentons are given constant opportunities to work on cross-border projects, share experiences with many colleagues and learn the best legal practice.

Objectives practices

This program is a unique opportunity to connect with other Dentons offices, to share our business culture and to present the capabilities of our different team and culture.

Impact practices

CollaborNATION program is a great opportunity to deepen these experiences and learn from each other.
