

HIRING AT EBAY EUROPE DURING THE PANDEMIC

Company name : EBAY EUROPE S.À R.L.

Activity sector : Autres

Company category : Grande Entreprise

Description of the action

eBay has actively been continuing to hire throughout the COVID-19 pandemic. eBay is more essential to global commerce than ever before. We're helping small businesses stay up and running and we're looking for enthusiastic and talented people who will help us advance how the world buys, sells, and gives.

Context

All job interviews are being conducted online with videoconferencing tools during the pandemic. Your recruiter will fill you in on all the details ahead of any interviews. Most people you interview with will also be working from home. We're a human company and we're all doing our best to adapt. We're getting to know our colleagues' kids, pets, and other family members along the way - and we're happy to meet yours too.

Approach

eBay utilizes Textio to ensure that job postings are drafted in gender neutral language. Textio gives hiring teams instant access to the most extensive and up-to-date language performance data in the industry (e.g. to avoid the introduction of age bias phrases, gendered phrases, etc.).
