Contexte

At Digitalize, we strongly believe that diversity and inclusion go beyond the workplace. Sports are a powerful tool for social cohesion, and this tournament gave us the opportunity to connect with other participants while contributing to an inspiring initiative led by Ambulanz Wonsch

Objectifs

Support Ambulanz Wonsch in their mission to grant the last wishes of terminally ill patients.
Foster team bonding through a sports activity.
Promote values of inclusion, mutual support, and solidarity within Digitalize.

Approche

Four members of Digitalize joined the tournament, which ran from October 16 to January 31, 2025. In an engaging format where players accumulated points throughout their matches, we were able to combine friendly competition with a meaningful humanitarian cause. The event concluded with a special awards ceremony celebrating the winners.
