

# DIVERSE PROJECTS INTERNATIONAL WOMENS DAY

**Company name :** École internationale Gaston Thorn

**Activity sector :** Enseignement

**Company category :** Secteur Public

## Description of the action

In the context of sensitisation and democracy education, projects are carried out in various subjects every year on International Women's Day.

## Context

International Womens Day

## Objectives

The aim is to work on different areas of the topic and thus sensitise the students.

## Approach

The aim is to work out different areas on the topic:

- gender paygap
- women in science
- women in resistance, etc.
- > exhibition of the results

## Impact

sensitise the students

## « To do »

It is important to be prepared for any discussions that may arise for religious and cultural reasons. In our context, the project only works if enough colleagues in their specialist departments participate. That way, the new knowledge is more broadly diversified.

## « Not to do »

Not working alone, this ensures interdisciplinary education and visualisation of results.
